

1.上传微信小程序

2.进入微信公众平台-版本管理

The screenshot shows the WeChat MP Backend interface under the 'Version Management' section. The left sidebar includes 'Management', 'Version Management' (highlighted in green), 'Feedback Management', and 'User Feedback'. Under 'Management', there are 'Statistics', 'Function', 'Development', and 'Growth' sections. The main area shows a QR code for 'Scan to access the experience version' and a button to 'Download QR code'. A red box highlights the 'Submit' button at the bottom right. The QR code itself is also highlighted with a red box.
